

WWW.COASTCOAST.COM/GOV

Coast to Coast Computer Products, Inc.™ is a value added reseller and systems integrator for information technology hardware, software, services, and supplies. Since our beginning in 1985, the company, which started as a small two man operation, has grown into a successful small business. Today, we enjoy nearly \$70 Million a year in revenue and have employees working from multiple offices throughout the United States. We are daily meeting the needs and exceeding the expectations of thousands of commercial SMB, Fortune 1000, and public sector customers.

Our public sector department has been awarded many Government Blanket Purchase Agreements including: a NASA SEWP IDIQ, GSA Strategic Sourcing BPAs for both Tablets and Display/Monitor Equipment, DOL, U.S.D.A. Forest Service, and Air Force wide BPAs for network imaging devices, an imaging supply BPA for the U.S. Army, an IT hardware/software BPA with the NIH, and many others. We have extensive experience with level three credit card transaction reporting, EDI order acceptance capabilities, and custom line level reporting, and are enrolled in many of the payment and cataloging systems currently in use by public and private sectors. Coast to Coast has been named a top performing diverse business by DiversityBusiness.com, and maintains an A+ rating from the Better Business Bureau. With more than 30 years of experience, we are capable of managing a broad array of IT projects.
